Subject Thursday's meeting
:

Hi Bonnie,

I couldn't rearrange my travel this week and therefore would like to participate by phone. I'd like to have about 30 minutes to present some information about soil pica behavior in children and acute arsenic toxicity. Since that information will have bearing on the sample design, I'd like to present at the beginning of the meeting. Glenn will distribute some information during my presentation and he may have an overhead or two (depending upon whether or not I have enough time to prepare one before I leave Tuesday.)

One o'clock (MT) is fine for me. Glenn has to leave early so that's another reason for my presenting information at the beginning.

Please let me know what phone number to call into.

Thanks,
David
